March 2023

General Information and Requirements for Ticket Purchase

In order to speed you thru the registration and ticket process, and to make sure you have the right information at your fingertips, we are sharing some of the actual ticketing information from the EventBrite process.

A reminder – the ticket purchase process is best done from a laptop, desktop, or tablet computer.

Registration Time Limit – 40 minutes. You must complete all the required information and move to checkout within 40 minutes or your ticket will be released back to the pool.

Some are questions you must provide an answer (marked ****Required****), and others are acknowledgements that you have read, understood, and agree to follow certain procedures, protocols, and limitations. **By clicking on the acknowledgements, you are indicating that you are in agreement with that particular item.**

If an item is ****Required****, you must supply an answer, and until you supply an answer to all required fields, you will not be able to proceed to the next step.

At the top of the ticket page you will see selections for all the different Areas of the fairgrounds. **Below that** are the options for tickets for the excursions. Make sure that you scroll down to select those items **BEFORE** clicking the **CHECKOUT** button. (you do have the option to go back if you forget, but that will cause you the start the **ENTIRE** process over, and you may lose the ticket in the area you previously chose)

Note – some items may change slightly in wording or order between now and the actual registration, but most should remain the same.

If your question is not answered directly here, it is probably answered in detail in the [FAQ](#) found on the [website](#).

As a reminder – Registration opens on April 1, at Noon Eastern Time.
